William Decatoire

Junior Python Developer

Paris, France | +33 6 58 67 59 90 | willdec93250@gmail.com
github.com/WYLLLY | portfolio-wheat-five-66.vercel.app

Seeking a first role in Python backend development.

TECHNICAL PROJECTS

Personal projects

Payment & Ledger System | GitHub

Python, FastAPI, PostgreSQL, SQLAlchemy, Alembic

- Immutable double-entry ledger, atomic transfers and idempotent APIs with SQL constraints.
- Outbox workers and simulated-provider reconciliation; PostgreSQL concurrency and recovery tests.

AI Task Execution Platform | GitHub

Python, FastAPI, PostgreSQL, Redis, HTTPX

- Durable tasks with cancellation, worker leases, fencing and retained idempotency responses.
- Document workflows, costs and Server-Sent Events (SSE); PostgreSQL fallback. Simulated providers.

Fraud Detection ML Service | GitHub

Python, scikit-learn, PyTorch, FastAPI, NumPy

- Compared logistic regression and MLP on 60,000 synthetic rows; preprocessing fitted on training data.
- Versioned inference API and read-only Payment scoring CLI. No validation on real fraud data.

Python Code Analyzer | Case study

Python 3.14, ast, Typer, Rich

- Resolved imports, built graphs and found cycles with iterative Tarjan, without running target code.
- Coupling metrics and deterministic JSON; strict TDD, 682 passing tests and independent review.

TECHNICAL SKILLS

Languages and APIs: Python, SQL, FastAPI, Pydantic, REST APIs, asyncio
Databases: PostgreSQL, SQLAlchemy, Alembic, Redis
Testing and delivery: pytest, Ruff, mypy, Pyright, Docker, Docker Compose, Git, GitHub Actions
Machine learning: scikit-learn, PyTorch, NumPy, model evaluation, API inference

CERTIFICATION GOALS

Not yet earned.
GH-200 | GitHub Actions
GH-600 | Agentic AI Developer

PROFESSIONAL EXPERIENCE

KILO Shop | Sales Assistant | 2023–2026
UNIQLO | Sales Assistant | 2021–2023
McDonald's | Crew Member | 2018–2019

EDUCATION

Bachelor's degree in Philosophy (Licence), Sorbonne | 2021
Baccalauréat STMG | Lycée Clemenceau, Villemomble | 2018

INTERESTS

Philosophy, literature, music, boxing, weight training.
